- Degree Result
- NOC For Junior College
- NOC For Degree College
- Attempt Certificate
- Bonafied Certificate
- Leaving Certificate
- Offer Letter
- Experience Letter
- Character Certificate

SMS Gateway (API Chargeable)

Communication plays a vital role in all institutes. SMS Messaging is a fast, reliable and effective way to communicate a message with a large audience, you can be sure that your message will reach your audience within minutes if not seconds, by sending a bulk text to who you may be trying to contact, if it's the parents, students or teachers, this message will be delivered directly to their mobile phones.

- Admission Alert
- Fees Collection Alert
- Parent/Teacher Meetings
- After College Activities/ Learning
- Absenteeism
- Outstanding Fees / College Trips
- Emergency Alerts
- Closing & Opening Times

- Event Reminders
- Summer Updates
- Student Support
- Different Societies
- Attendance Alert
- Class Cancellations
- Library Reminders
- Exams / Results

Noted: Need to purchase SMS API with package for use.

E-mail Broadcast

Emails are delivered extremely fast when compared to traditional post. Emails can be sent 24 hours a day, 365 days a year. You can be sure that your message will reach your audience within minutes if not seconds. It will not take any charges.
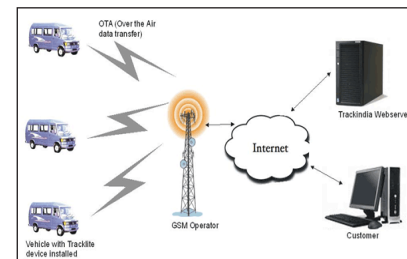

Biometrics System

Biometrics based time and attendance terminals are becoming increasingly popular in today's market because of their many benefits (and, let's face it, hand or face scanning equipment is just pretty awesome). Because biometrics terminals read a person's unique fingerprint, iris, hand shape, or face shape, they ensure that employees cannot clock in for one another, thereby preventing employee time theft.

GPS Tracking with Video

A GPS tracking unit is a device, normally carried by a moving vehicle or person, that uses the Global Positioning System to determine and track its precise location, and hence that of its carrier, at intervals.

This technology will helps for colleges to track their buses by root, speed, fuel control and live video inside the buses.

- CCTV Camera.
- Bio-metric System.
- Speed Control.
- Fuel Control.
- Etc

Module Cost: 110K

1) Record Retrieval
2) Student Admission
3) Student Maintenance & GR/PRN
4) Fees Collection
5) Student Attendance
6) ID Card System
7) Bonafied System
